**SECTION ONE: GENERAL INFORMATION**

**1. Purpose:** The West Virginia Board of Risk and Insurance Management (hereinafter referred to as “BRIM”), is soliciting proposals from qualified firms to provide a full service management software system that allows the ability to maintain their current property portfolio. Specifically the proposals should provide BRIM with the ability to view, sort, modify, and delete records to maintain an accurate representation of the current schedule of buildings insured by the property insurance program. Additionally, BRIM requires the qualified firm to have the ability to perform independent property appraisals on selected insured properties to establish proper replacement cost values as well as other valuations, including actual cash value, historical building value and functional replacement cost value if necessary.

The vendor's proposal must meet the mandatory requirements of this RFP.

- 2.** By signing and submitting its proposal, the successful vendor agrees to be bound by all the terms contained in this Request for Proposal (“RFP”).

An RFP is generally used for the procurement of services in situations where price is not the sole determining factor and the award will be based on a combination of cost and technical factors (Best Value). Through its proposal, the bidder offers a solution to the objectives, problem, or need specified in the RFP, and defines how it intends to meet (or exceed) the RFP requirements.

**WEST VIRGINIA BOARD OF RISK AND INSURANCE MANAGEMENT**  
**RFP # 091615**

BRIM will provide the selected vendor an excel file of building data listed above. It will be the responsibility of the selected vendor to upload this data for a complete property management system. A mechanism shall be established to upload electronic photos and scanned documents to the appropriate existing property file.

In addition, as good stewardship to assets, BRIM requires the ability to have all transactions recorded to create an audit trail for review by multiple users. All changes and modifications must be recorded via a live transaction and update for viewing immediately.

The selected vendor shall be able to provide ample training and demonstrations of their product capabilities and user functions. An on-site training session will be required and should be included in the bidder's fees. The firm will conduct a thorough presentation that will enable the client the ability to record property transactions and update property records on the computerized systems. This training will also include the mechanisms used to upload scanned images and documents to the software program. Additionally, the selected vendor should indicate the availability of telephone support or ongoing assistance with associated costs.

**B. PROPERTY APPRAISAL PROGRAM**

In addition to the ability to maintain the current property schedule, the qualified firm shall be able to conduct on-site property appraisals on selected properties insured through BRIM. BRIM has approximately 14,000 buildings and at a minimum such appraised values must assure there is sufficient insurance to reconstruct the building on a replacement cost basis.

It is not the intention of BRIM to inspect every building in the insurance program. Buildings to be inspected will be determined by BRIM. It is undetermined how many properties may be inspected during the contract period and the cost proposal should be calculated on a per building cost without this information. (See Attachment 4 for a Potential Listing of Locations)

The proposal shall demonstrate the methodology used to determine individual values, the scope and depth of the data supporting the calculated values, the ability of the bidder to support its data and conclusions, and the ability of the bidder to defend its conclusions in mediation, arbitration or a court of law at the request of BRIM.

- C.** Deliverables of three (3) written reports, acceptable to BRIM, are required. The report will present the data, reasoning, and analyses used in the appraisal process. Reports will include a description of fields being summarized, cost of building and contents reproduction new by location, listing of building construction components, square feet, description of location, protection features of location, land improvements, and miscellaneous additional features. Also, required is a Statement of Insurable Values Report and Insurable Value Comparison of appraisal to current insurable values reported to BRIM for each building broken out by structure and contents.

**WEST VIRGINIA BOARD OF RISK AND INSURANCE MANAGEMENT**  
**RFP # 091615**

- D.** Vendor shall schedule the property appraisals inspection of BRIM insured locations within 7-14 business days in advance and at the insured convenience;
- E.** Vendor shall conduct three (3) quarterly meetings with BRIM to discuss inspection, scheduling activities, and other needs as related to the contracted services;
- F.** Understand that BRIM or a BRIM designee may perform annually 10-20 audits of appraised locations to ensure the quality of services provided as requested in this proposal;
- G.** Understand that BRIM or a BRIM designee will as needed or desired accompany a vendor appraiser during scheduled inspections as part of our oversight function;
- H.** Understand that upon termination or non-renewal of this contract, that BRIM retains sole ownership of all data residing on the property management software and will receive its data in an Excel file or other agreed to format.

This can be demonstrated by submitted examples of reports generated or work previously undertaken and a listing of other clients for whom services have been provided (as allowed). Recommendation letters can also be provided as desired.

**Note: It will not suffice for vendors who may be currently doing business with BRIM to merely reference the past relationship without further evidence to meet this requirement.**

**Scoring: Will not be based solely on providing the disclosures or responses to section 5, item number 3 of the RFP; but also by the quality and relevance of the disclosure or response provided.**

**(G) Compliance:** Vendors must comply with all requirements contained in this RFP.

4. **Proposal Submission:** Proposals must be received in **two distinct parts**: technical and cost.
- **Technical proposals** must not contain any cost information relating to the project.

Any proposal received after the bid due date and time will be immediately disqualified in accordance with State law.**

5. **Technical Bid Opening:** BRIM will open and announce only the technical proposals received prior to the date and time specified in the Request for Proposal. The technical proposals shall then be provided to BRIM's evaluation committee.
6. **Cost Bid Opening:** All cost bids for qualifying proposals will be opened. Cost bids for non-qualifying proposals will also be opened but shall not be considered. A proposal may be deemed non-qualifying for a number of reasons including, but not limited to, the bidder's technical proposal failing to meet the minimum acceptable score and the bidder's technical proposal failing to meet a mandatory requirement of the contract. - |                           |           |

- |                         |           |
|-------------------------|-----------|
| 1. Section 5-Item 3 (E) | 30 points |
|-------------------------|-----------|

Each cost proposal cost will be scored by use of the following formula for all vendors that attained the minimum acceptable score:

$$\frac{\text{Price of Proposal being evaluated}}{\text{Lowest price of all proposals}} \times 30 = \text{Price Score}$$

- 2.1 Technical Evaluation: BRIM’s evaluation committee will review the technical proposals, deduct points where appropriate, and make a final written recommendation to BRIM’s Executive Director.

4. **Rejection of Proposals**: BRIM reserves the right to accept or reject any or all proposals, in part or in whole at its discretion. BRIM further reserves the right to withdraw this RFP at any time and for any reason. Submission of or receipt of proposals by BRIM confers no rights upon the bidder nor obligates BRIM in any manner.
